

CURRICULUM VITA

MEGAN H. PAPESH

Psychology Department
850 Broadway
UMass Lowell
Lowell, MA 01854

email: megan_papesh@uml.edu
office: 978-934-3968
dept: 978-934-3950
web: www.meganpapesh.com

EDUCATION

- Ph.D., Psychology (2012), Arizona State University, Tempe, Arizona.
Dissertation: *Source memory revealed through eye movements and pupil dilation.*
- M.A., Psychology (2008), Arizona State University, Tempe, Arizona.
- B.S., Psychology (2005), Baldwin-Wallace College, Berea, Ohio.
-

ACADEMIC EMPLOYMENT

- | | |
|-------------------------------|--|
| Associate Professor | Psychology Department, University of Massachusetts Lowell
August 2023 – present |
| Assistant/Associate Professor | Department of Psychology, New Mexico State University
August 2020 – July 2023 |
| Assistant/Associate Professor | Department of Psychology, Louisiana State University
August 2012 – 2020 |
-

OTHER PROFESSIONAL ROLES

- | | |
|-------------------|---|
| Co-Director | Discovery Scholars Program, New Mexico State University
May 2020 – July 2023 |
| Associate Editor | <i>BMC Psychology</i>
July 2020 – present |
| Consulting Editor | <i>Psychonomic Bulletin & Review</i>
2014 – 2020 |
-

CURRENT or COMPLETED FUNDING ACTIVITIES

- | | |
|--|------|
| National Science Foundation, Build and Broaden 2.0
<i>Exploring the Impact of Arousal on Event Memory</i>
Role: Principal Investigator, NMSU Consortium
Principal Investigator: Daniella K. Cash (SHSU) | 2024 |
|--|------|

Total UML costs: \$399,146
Proposed Project Period: January 2025 – December 2027
Status: Under review

- NIH, National Cancer Institute, R01
***Failures to detect early-stage cancer:
Perceptual and cognitive challenges in radiology***
Role: Principal Investigator
Total costs: \$TBD
Ant. Submission: July 202
Status: Revisions in progress
- NIH, NM-INBRE 2021
Cognitive and Contextual Challenges in Image Analysis
Role: Principal Investigator
Total costs: \$35,970
Proposed Project Period: April 2021 – March 2022
Status: Awarded, completed
- LSU, College of Humanities and Social Sciences, Strategic Enhancement 2018
Psychology Department Bayesian Workshop
Total costs: \$700 (College, matching funds via Dept.)
Status: Funded, complete
- NIH, National Institute on Child Health and Human Development, R01 2014
Grant (#1 R01 HD075800-01)
Cognitive Load in the Bilingual Brain: Insights from Decoupled Reading
Role: Principal Investigator, Louisiana State University Consortium
Principal Investigator: Stephen D. Goldinger (ASU)
Total costs: \$2,505,370
LSU Consortium budget: \$524,284
Project Period: January 2014 – December 2019
Status: Awarded, completed
- LSU, Board of Regents, Traditional Enhancement 2014
Psychology Department EEG Neuroscience Lab
Role: Co-investigator
Principal Investigator: Dr. Sean Lane (LSU)
Total costs: \$102,000 (approx.)
Status: Completed
- Louisiana State University, Summer Stipend Program 2013
Psychophysiological Reflexes as a Pure Index of Memory Strength
Total costs: \$5000
Status: Completed

AWARDS

Tiger Athletic Foundation Undergraduate Teaching Award	2014, 2019
Rising Star, Association for Psychological Science	2016
Emerging Scholar Rainmaker Award, Louisiana State University	2015
Robert B. Cialdini Dissertation Prize in Psychology, Arizona State University	2011

IMPACT / CITATIONS (SOURCE: [GOOGLE SCHOLAR](#); JAN 2024)

Citations: 2228 h-index: 18 i10-index: 25

Wixted, J. T., **Papesh, M. H.**, Goldinger, S. D., & Steinmetz, P. N. (2012). Representation of episodic memory strength by single neurons in the human hippocampus. *Paper to be presented at the Annual Meeting of the Society for Neuroscience in New Orleans, LA (October, 2012).*

Goldinger, S. D., Valdez, A. B., **Papesh, M. H.**, & Steinmetz, P. N. (2012). Single-neuron responses to emotional expressions in the human brain. *Poster to be presented at the Annual Meeting of the Society for Neuroscience in New Orleans, LA (October, 2012).*

Hout, M. C., **Papesh, M. H.**, & Goldinger, S. D. (2012). RSVPpupillometry: Incidental memory and psychophysiology in rapid-serial multiple-target search. *Poster presented at the Vision Sciences Society 2012 Meeting in Naples, Florida (May, 2012).*

Papesh, M. H. & Goldinger, S. D. (2011). Response dynamics reveal underlying memory strength. *Poster presented at the Annual Meeting of the Psychonomic Society in Seattle, Washington (November, 2011).*

Valdez, A. B., **Papesh, M. H.**, Treiman, D., Smith, K., Goldinger, S. D., & Steinmetz, P. N. (2011). Distributed visual representation of objects by single neurons in the human brain. *Paper presented at the Annual Meeting of the Society for Neuroscience in Washington, D.C. (November, 2011).*

Steinmetz, P. N., **Papesh, M. H.**, Valdez, A., Treiman, D., Smith, K., & Goldinger, S. D. (2011). Single-neuron activity reflects source of memory in the human medial temporal lobe. *Paper presented at the Annual Meeting of the Society for Neuroscience in Washington, D.C. (November, 2011).*

Papesh, M. H., Hout, M.C., & Goldinger, S.D. (2010). Eye movements and pupil dilations reveal fast, voice-specific priming. *Paper presented at the Annual Meeting of the Psychonomic Society in St. Louis, MO (November, 2010).*

Steinmetz, P.N., Goldinger, S.D., **Papesh, M. H.**, & Treiman, D. (2010). Single-neuron responses in continuous recognition memory for printed words. *Poster presented*

at the Annual Meeting of the Psychonomic Society in St. Louis, MO (November, 2010).

Steinmetz, P.N., Goldinger, S.D., **Papesh, M. H.**, & Treiman, D. (2010). Repetition enhances single neuron responses to word recollection in human anterior cingulate cortex. *Paper presented at the Annual Meeting of the Society for Neuroscience in San Diego, CA (November, 2010).*

Papesh, M. H., Goldinger, S. D., & Killeen, P. R. (2009). Different Places for Identical Faces: Perceptual Space "Shrinks" for Other Races. *Poster presented at the Annual Meeting of the Psychonomic Society in Boston, MA (November, 2009).*

Papesh, M. H. & Goldinger, S. D. (2009). Pupil-Blah-Metry: Word frequency reflected in physiology. *Paper presented at the Western Psychology Association conference in Portland, OR (April, 2009).*

Papesh, M. H. & Goldinger, S. D. (2009). Fast and frugal is fine: Evidence for the recognition heuristic in city-size judgments. *Poster presented at the Western Psychology Association conference in Portland, OR (April, 2009).*

Papesh, M. H. & Goldinger, S. D. (2008) Pupil-blah-metry: Word frequency reflected in cognitive effort. *Poster presented at the Annual Meeting of the Psychonomic Society in Chicago, IL (November, 2008).*

TEACHING AND MENTORING (* also prepped for asynchronous online delivery)

Note: The "mean evaluation score" scale differs across universities:

- *LSU ranges from 1 (poor) to 5 (superior)*
- *ASU ranges from 1 (superior) to 5 (poor)*
- *NMSU does not use numeric teaching evaluations*

***Experimental Methods (PSYC 310, New Mexico State University).** *This is a 4-credit undergraduate Psychology course covering core concepts in experimental design and methodology. Students design and conduct team-based research. The course has a laboratory component taught by a graduate student.*

Spring 2021 38 Students
Spring 2022 33 Students
Fall 2022 39 Students

Cognitive Neuroscience (PSYC 570, New Mexico State University / PSYC 5880 UMass Lowell). *This is graduate Psychology course focused cognitive neuroscience methods, findings, and ways to incorporate them into students' own research.*

Fall 2023 6 Students
Spring 2021 13 Students

Sensation and Perception (PSY 522, New Mexico State University). *This is graduate Psychology course focused the neurobiology and psychology of perception.*

Fall 2020 18 Students
Spring 2023 9 Students

***Physiological Psychology / Psychology and the Brain / Biological Psychology (PSYC 4034, Louisiana State University / PSYC 375 New Mexico State University / PSYC 2730 UMass Lowell).** *This is a survey Psychology course focused the neurobiological bases of human behavior.*

Spring 2017	130 Students	Mean Evaluation Score: 4.73
Spring 2018	130 Students	Mean Evaluation Score: 4.72
Spring 2019	68 Students	Mean Evaluation Score: 4.80
Fall 2019	60 Students	Mean Evaluation Score: 4.90
Spring 2020	60 Students	Mean Evaluation Score: 4.99
Fall 2021	60 Students	
Spring 2022	70 Students	
Fall 2022	70 Students	
Spring 2024	50 Students	

Memory & Forgetting / Memory (PSYC 4033, Louisiana State University, PSYC 383 New Mexico State University). *This is an upper-division Psychology course focused on fostering a deeper understanding of human memory systems, phenomena, and theory.*

Fall 2012	60 Students	Mean Evaluation Score: 4.75
Spring 2013	98 Students	Mean Evaluation Score: 4.76
Fall 2013	110 Students	Mean Evaluation Score: 4.73
Spring 2014	136 Students	Mean Evaluation Score: 4.77
Fall 2014	93 Students	Mean Evaluation Score: 4.88
Fall 2016	130 Students	Mean Evaluation Score: 4.89
Spring 2017	75 Students	Mean Evaluation Score: 4.81
Fall 2017	98 Students	Mean Evaluation Score: 4.79
Spring 2018	100 Students	Mean Evaluation Score: 4.72
Spring 2020	60 Students	Mean Evaluation Score: 4.99
Fall 2021	60 Students	

Oculomotor Measures of Cognition (PSYC 7938, Louisiana State University). *This is a seminar course in which students learn to both use and critically evaluate eye-tracking in cognitive science. Students also learn to write in 'grant-speak' by producing the student sections of an NRSA F-mechanism proposal.*

Fall 2015	13 Students	Mean Evaluation Score: 4.63
-----------	-------------	-----------------------------

Biological Bases of Behavior (PSYC 7034, Louisiana State University). *This is a graduate-level course required for all Psychology graduate students focused on the neurobiological underpinnings of human behavior.*

Spring 2015 20 Students Mean Evaluation Score: 4.89

Cognition (PSYC 3030, Louisiana State University). *This is an upper-division Psychology course focused on broad topics in cognition, including attention/perception, memory systems, language, and reasoning/decision-making.*

Fall 2012 50 Students Mean Evaluation Score: 4.83

Spring 2013 60 Students Mean Evaluation Score: 4.82

Fall 2013 71 Students Mean Evaluation Score: 4.66

Memory and Cognition (PSY 324, Arizona State University). *This is an upper-division Psychology course focused on broad topics in cognition, including attention/perception, memory systems, language, and reasoning/decision-making.*

Fall, 2010 50 Students Mean Evaluation Score: 1.17[†]

Experimental Psychology (PSY 390, Arizona State University). *This is an upper-division, advanced methods course, in which students design, implement, analyze, and present the results of a mentored experiment.*

Fall 2009 24 Students Mean Evaluation Score: 1.20[†]

[†]Note: For ASU, the “mean evaluation score” ranges from 1 (superior) to 5 (poor).

PGS 399/PSYC 2999/PSYC 400. *This is a “research experience” course. No course evaluations are given*

- As of June, 2020, 80+ students have been supervised

PGS 499/PSYC 4999/PSYC 401. *This is an advanced research experience course. No course evaluations are given.*

- As of October, 2020, 50+ students have been supervised

Student Supervision and Committee Membership:

Dissertation Committees (Chair):

- Giovanna Del Sordo, New Mexico State University (IP)
- Juan Guevara Pinto, Louisiana State University (2020)
- Laura Heisick, Louisiana State University (2019)
- Daniella Cash, Louisiana State University (2019)

Dissertation Committees (Member):

- Samira Aminihajibashi, University of Oslo (2020)
- Julia Clark, Louisiana State University (2019)
- Katherine Moen, Louisiana State University (2019)

- Jessica McGovern, Louisiana State University (2018)
- Rebecca Goldstein, Louisiana State University (2016)
- Rebecca Horn, Louisiana State University (2014)

General Exams, Qualifying Papers Committees (Chair):

- Giovanna Del Sordo, New Mexico State University (2023)
- Juan D. Guevara Pinto (2018)
- Laura Heisick (2018)
- Dina Acklin, Louisiana State University (2016, 2017)

General Exams, Qualifying Papers Committees (Member):

- Angelina Davis, UMass Lowell (IP)
- Rebecca Penn, New Mexico State University (IP)
- Jordan Sparrow-Antonio, New Mexico State University (2023)
- Bryan White, New Mexico State University (2021)
- Sarah Wheat, New Mexico State University (2021)
- Dré Goode, New Mexico State University (2021)
- Daniella Cash, Louisiana State University (2018)
- Katherine Moen, Louisiana State University (2017)
- Rebecca Goldstein, Louisiana State University (2014)

Master's Thesis Committees (Chair):

- Ashley Zappe, New Mexico State University (2023)
- Arianna K. Thoksakis, New Mexico State University (2022)
- Laura L. Heisick, Louisiana State University (2016)
- Juan D. Guevara Pinto, Louisiana State University (2016)

Master's Thesis Committees (Member):

- Kacie Bauer, New Mexico State University (IP)
- Bushra Moussaoui, New Mexico State University (2022)
- Diego Sanchez Pena, New Mexico State University (-)
- Amie Amiotte, New Mexico State University (2021)
- Kyle Jensen, New Mexico State University (2021)
- Rebecca Skulsky, New Mexico State University (2021)
- Harrison Preusse, New Mexico State University (2021)
- Felicia Chaisson, Louisiana State University (2020)
- Casey Phifer, Arizona State University (2017)
- Bryan Franks, Louisiana State University (2014)
- Dillon Cornett, Louisiana State University (2014)

Intermediate Project Supervisor:

- Kacie Mennie, Louisiana State University (2016-2017)
Project Title: Word memory under emotional arousal
- Ian Comeaux, Louisiana State University (2016-2017)
Project Title: Exploring the saccade induced cognitive enhancement effect
- Dina Acklin, Louisiana State University (2015)
Project Title: RSVP Reading and Working Memory

- Joseph Harris, Louisiana State University (2014)
Project Title: Context variability in recognition memory

Honor's Theses Supervised:

- Jon T Odell, Louisiana State University (2019-2020)
Project Title: Socially-shared memories
- Madeline Walker, Louisiana State University (2017-2018)
Project Title: The impact of value-directed remembering on prospective person memory
- Kayla (Mckenzie) Chutz, Louisiana State University (2017)
Project Title: The influence of photo perspective on event memory
- Karyn Warner, Louisiana State University (2014- 2016)
Project Title: The effect of salience on unfamiliar face matching
- Laura Siqueiros, Louisiana State University (2014- 2016)
Project Title: A multidimensional scaling analysis of the own-race bias for voices
- Brittany Martin, Louisiana State University (2014-2015)
Project Title: The dynamics of memory: Using mouse-movements to test single- and dual-process theories
- Laura Heisick, Louisiana State University (2013-2014)
Project Title: Believe the lie: Source monitoring errors for repeated lies
- Anne Kuni, Arizona State University (2010-2011)
Project Title: What is the nature of anti-survival processing?

Honor's Thesis Committees:

- Katelyn Hardin, Louisiana State University (2019)
Project Title: Changes in Salivary Antimicrobial Protein Concentrations in Response to Maximal Exercise in Collegiate Swimmers
- Alexander Rader, Louisiana State University (2019)
Project Title: Expression of Anoctamins 1 and 2 in the Avian Retina
- Annabeth Madden, Louisiana State University (2018)
Project Title: The Effect of Attention Bias Modification on Emotion Regulation
- Ari Saravia, Louisiana State University (2018)
Project Title: Intestinal Microbiome Composition of an Acute in vivo Alzheimer's Disease Rat Model
- Jordan Renschler, Louisiana State University (2017)
Project Title: Localization of the Cystic Fibrosis Transmembrane Conductance Regulator in Retinal Amacrine Cells

Discovery Scholars Supervised:

- Julianna Luna, New Mexico State University (2021-2022)
- Charlotte Martin, New Mexico State University (2021-2022)

McNair Scholars Supervised:

- Julia Gonzalez, New Mexico State University (2023)

NSF, 2020, 2021

UNIVERSITY AND DEPARTMENTAL SERVICE

Faculty Supervisor:

- Psychology Club, New Mexico State University (2021 – 2021)
- Psychology Club, Louisiana State University (2013 – 2017)
- Psi Chi, Louisiana State University Chapter (2013 – 2017)

Departmental Committees:

- Sona-Systems Coordinator, UMass Lowell (2023 – current)
- Member, APPS Committee, UMass Lowell (2023 – current)
- Member, Strategic Planning Committee, UMass Lowell (2023 – current)
- Chair, Undergraduate Assessment Committee, NMSU (2020 – 2023)
- Member, Curriculum Committee, NMSU (2021 – current)
- Member, NMSU-O Committee, NMSU (2021 – current)
- Member, Psychology Inclusion and Equity Committee, NMSU (2021 – 2023)
- Member, Policy & Planning Committee, LSU (2013 – 2020)
- Member, Curriculum Assessment Committee, LSU (2014 – 2020)
- Psychology Search Committees
 - NMSU Department Head, 2021 (Dr. Andrew Conway)
 - LSU Cognitive & Brain Sciences, 2016 (Dr. Heather Lucas)

Additional University Service:

- Faculty Senate, UML, Department Representative (2023)
- Research Advisory Council, UMass Lowell College of FAHSS (2023 – current)
- Workshop Developer and Organizer, NMSU Graduate Research Fellowship Workshop Series (annually, starting in 2020)
- Faculty Senate, NMSU, Standing Committee Chair, Curriculum and Programming (2022 – 2023)
- Faculty Senate, NMSU, Department Representative (2021 – 2023)
- Advisory Board Member, NMSU, Center for Undergraduate Research and Creative Activities (2021 – 2023)

- Department Representative, NMSU, Aggie Welcome (2021)
- NM AMP student mentor (Julianna Luna, 2020)
- Faculty Senate, LSU, Department Representative (2018 – 2020)
- Faculty Reviewer, LSU NSF GRFP Workshop (2013)
- Faculty Judge, LSU Undergraduate Research Conference (2012, 2013)
- LSU Sophomore Gold Mentor (2014-2015)
- Bridges Program Mentor (2016)
- LSU STRIPES Lecturer (2017)
- LSU Kickoff, Psychology Representative (September and November 2018)
- Dean’s Representative, Non-Psychology milestone committees

UNFUNDED GRANT SUBMISSIONS

NIH, National Eye Institute, R01 Grant <i>Noradrenergic (LC-NE) Modulation of Human Visual Attention</i> Role: Principal Investigator Total costs: \$2,784,260 Proposed Project Period: April 2022 – April 2027	2022
National Science Foundation, PAC <i>Neural Gain Modulation of Functional Viewing Fields</i> Role: Principal Investigator Total costs: \$495,983 Proposed Project Period: May 2023 – April 2026	2022
National Science Foundation, Build and Broaden 2.0 <i>Arousal-Mediated Changes in Human Episodic Memory</i> Role: Principal Investigator Total costs: \$405,735 Proposed Project Period: October 2021 – September 2024	2021

NMSU, COVID 19 Performance Fund <i>Pathways to Success in Psychology</i> Role: Project Manager Total costs: \$206,400 Proposed Project Period: May 2021 – May 2023	2021
NIH, National Eye Institute, R01 Grant <i>Arousal-Mediated Changes in Human Episodic Memory</i> Role: Principal Investigator Total costs: \$2,758,600 Proposed Project Period: April 2021 – April 2026	2020
National Science Foundation <i>LC-NE Effects on Human Visual Attention Measured via Pupillometry</i> Role: Principal Investigator Total costs: \$287,820 Proposed Project Period: August 2020 – July 2023	2019
LSU Board of Regents, ATLAS Funding <i>Modern Pupillometry: Cognition, Neuroscience, and Practical Applications</i> Total Costs: \$56,502	2018
NIH, National Institute of Mental Health, R01 Grant <i>Noradrenergic (LC-NE) Modulation of Human Episodic Memory</i> Role: Principal Investigator Total costs: \$2,702,688 Proposed Project Period: July 2018 – June 2023	2018
U.S. Department of Homeland Security, Transportation Safety Administration <i>Using Shared Gaze to Create an Automated Training Model for Search</i> Role: Principal Investigator, Louisiana State University Consortium Principal Investigator: Dr. Michael C. Hout (NMSU) Total costs: \$795,797 LSU Consortium budget: \$241,604	2015
NIH, National Institute of Aging, R21 Grant <i>Cognitive Aging and Monitoring Autobiographical Memory</i> Role: Principal Investigator Total costs: \$366,464	2014
U.S. Department of Homeland Security, Transportation Safety Administration <i>The Low-Prevalence Effect in Face-to-Photo Matching</i> Role: Principal Investigator Co-Investigator: Dr. Stephen D. Goldinger (ASU) Total costs: \$1,013,944	2014

- LSU, Office of Research and Economic Development, Faculty Research Grant 2014
Peering deep: Investigating the intersection between the neurological and psychological to understand human behavior.
Role: Co-Investigator
Principal Investigator: Dr. Andrew Schwartz (LSU, Business)
Total costs: \$60,000
- NIH, National Institute of Aging, R01 Grant 2013
Testing Heuristic Effects in Aging Memory: Pupillary Reflexes in Face Encoding
Role: Principal Investigator, Louisiana State University Consortium
Principal Investigator: Dr. Stephen D. Goldinger (ASU)
LSU Consortium budget: \$387,340
- DARPA, Basic Neuroscience 2012
Psychophysiological Markers of Overt and Covert Target Detection
Role: Principal Investigator
Co-Investigators: Drs. Melissa R. Beck (LSU) and Stephen D. Goldinger (ASU)
Total costs: \$1,175,005
